

I suggest we proceed with the Following Actions-

We discussed a central power point can you pull one together or shall I?

I have contacted Venn design to put together a large format print of the policies for display boards, using the Nixon design.

Realistically this won't be done until end January so I suggest we start the first week in Feb.

Dave R mentioned display boards? Where are they? As I will need dimensions.

Copies of Policy Documents to be held at (non-direct), advertising locations on the FB & webpage

ASDA

The Library

Passmore Edwards

The Day Care Centre

The Children's Centre

The Town Council Office

The Copperhouse Pub

The White Hart or Salt Bar

Paradise Park (cafe)

Somewhere in Angarrack (Community Centre/pub)?

I will ask Karen to run off 15 sets now.

I will break up the A & O documents and ask Graham to monitor the response on Facebook, numbers comments etc. I suggest a post/policy each week.

To reach the different age groups/gender groups in the Town with direct communication  
Display boards with 'Save you say' tickets and collection boxes (we can re-use the other ones)  
On rotation at Penpol & Bodriggy School (for 4-11 year olds) for 2 weeks with a linked letter in the schools newsletter inviting participation.

Will contact Heads & discuss with Andy if he wants to go in and perhaps talk at an Assembly. (with an age appropriate PP)

For 11-16 year olds boards at Hayle School

I suggest we send the Hayle 'groups' list a copy of the A&O for comments and an open invitation to present the info, if required.

An insert or special 6 double page (12 pages) in the Pump, do you know the deadlines are for the Feb/ March edition ?

I think we may be low on comments for the consultation so i anticipate we will have to run an open day at the Day Care centre/ library with SG members on hand to answer questions to stir up a bit on interest.

It would be good to have a tracking document what do you think about a shared google doc.?
